

**Suggested Items to send for  
McCormick Dementia Services Overnight Clients**

**Below is a list of suggested items to pack and send** for our overnight clients. It would be very helpful for our staff to have this list in the suitcase with checkmarks next to the items packed. This would ensure that each client has an adequate supply of clean clothing for the respite stay and that all the items brought would also be packed at departure and returned home.

Item	Sent
Medications - <b>must come in blister pack or original pharmacy labeled container. No Dosettes.</b>
